MANAGED IT AND SECURITY · L5 · RECOMMENDED

Managed defence, around the clock.

Everything in L4, plus people watching every device and identity 24 hours a day. For firms where downtime or a data breach would be a serious event: professional services, regulated work, larger teams, anyone with a board asking questions.

What's included

Everything in L4
The full certified stack, included.

24/7 detection and response
Every device and every Microsoft 365 identity watched around the clock, with a human response when something happens.

Log collection, 12 months
The evidence trail an investigation or insurer will ask for.

Privileged access and passkeys
Admin rights granted just in time, and phishing resistant sign in for the people who matter most.

Zero trust remote access
Work from anywhere without exposing your network to the internet.

Incident exercise and tested recovery
We walk your team through a bad day before it happens, and prove the restore works.

Data loss prevention
Sensitive data controlled, and the evidence pack your insurer wants, every year.

Priority response
You go to the front of the queue.

Cyber Essentials Plus, managed
The audited certification, handled end to end every year.

L5 · PER PERSON, PER MONTH

£95 + VAT

How it works

1

Onboard

We deploy the tools, enforce the settings and fix what we find in the first 30 days.

2

Protect

Monitoring, patching and support run every day. The measured controls report themselves.

3

Review

A written review every quarter, with a plan for what to fix next.

Also from IT WORKHOUSE

- Cyber Essentials and Cyber Essentials Plus
- Microsoft 365 setup and migrations
- 3CX phone systems
- Networks, WiFi and broadband
- Backup and recovery
- Hardware supply and setup

Charged separately

- Microsoft 365 licences, billed monthly at cost
- Cyber Essentials Plus certification body fee, yearly
- Site visits and work outside office hours
- Projects such as new installs and migrations
- Hardware and software

Always quoted before we start, plus VAT.

£95 per person, per month, plus VAT.

Minimum 3 people. Cyber Essentials Plus certification fee billed yearly. No fixed term, 90 days' notice. Any L5 item can also be added to a lower plan on its own. If you turn down a recommendation we record it in writing, so everyone knows who is responsible for what.

> *"Of real importance is their helpdesk's personal and very quick response to any calls or queries any member of the team has. Highly recommended."*
